

DANISH WINDMILL

From Nørre Snede, Denmark, to Elk Horn, Iowa, a 60' Danish windmill has found a new home. Elk Horn residents raised over \$100,000 to relocate the 1848 mill from Denmark to Elk Horn in 1976.

The windmill has become one of the largest tourist attractions in Iowa. Visitors can climb to the top of the mill, see the grinding stones and watch the wings go around on a windy day.

Over one million tourists have visited the mill since its doors opened. The mill house gift shop has lovely Danish collectibles, books, jewelry, food and unique gift items. The mill is open daily.
